METAL TRADES COUNCIL of New London County

Affiliated with the Metal Trades Department, AFL-CIO

October 21, 2021

When the White House federal mandate was announced it was obvious to most there would be far reaching effects. Some of these are due to people's personal choice to be Vaccinated or not and the effects of medical and religious exemptions. The MTC took an immediate proactive approach to protect the members rights and provide for future employment. The company asked for patience as they were "Seeking Clarity" and our patience has run out. At this point the only thing that is clear is a total disregard for the needs of the employees. It is also clear that our past cooperation has been taken advantage of.

It is clear that the corporate office and Electric Boat management remain gainfully employed and are receiving benefits while our members could be facing termination. It is clear depending on which vaccination you receive by the time you read this you may miss the deadline of Dec 8th. We have continually asked what the process would be to adjudicate medical & religious exemptions but it is clear this has fallen on deaf ears.. It is clear that employers have to make "reasonable accommodations" for those exemptions. It's also clear that there is no guarantee that you will receive unemployment compensation if you are terminated for failure to become fully vaccinated by December 8th.

It is Very Clear to protect your future employment you will need to be fully vaccinated by Dec 8th as it is unclear what will happen on Dec 9th.

UNION MEETINGS

Union meetings are important and I encourage you to come and participate in the affairs of our Union. The monthly meetings normally lasts about 30 minutes and your participation will help to make this Union even stronger.

INSURANCE OPEN ENROLMENT

It's almost that time of year again. Be ready to select the coverage that is best suited for your needs.

UNION REMINDERS:

NEW HIRES YOU must stay on top of your insurance coverage. There are many choices for you to review and time limits for you to apply for these benefits. You are now eligible to join the insurance between days 0-30 of your date of hire. This is the only 30 days to execute access to the health plan. If you do nothing you will automatically get medical but will not receive dental, extra eye care, and additional life insurance. If you are married or married with children, they will not be covered. There is a lot of misinformation going around about the federal mandate on contractors being fully vaccinated. The company doesn't seem to be putting anything new out and the date to we were given to be fully vaccinated by is approaching fast. I understand that people have their own beliefs and opinions and I am not here to sway you one way or the other. I am simply going to say that if you plan on getting the covid vaccine to schedule it as soon as you can or walk in at the wet dock tent during the covid/flu vaccine clinics. The schedule for these clinics should be posted in both locker rooms. See your stewards for this information if it is not available.

As I mentioned last month there is no projected road work on the horizon. As always this can change but at this time there is nothing. Restarting October 25 are the Local 1122 union meetings at the union hall on Broad Street in New London. This is our first meeting since February 2020 and I encourage all our members to attend. Lastly as it gets later in the year here is a reminder to get your free or reduced price safety boots. Fall is upon us and winter will be here before you know it. We are all on our feet all the time. Get your new boots if you haven't yet. Lastly, I would like to welcome our new hires to the paint department. Any questions you have ask your stewards, working leaders, OJT instructors, and senior members. We are here to help each other. Work smart and work safe.

SAFETY : Just a reminder that safety is everyone's concern. If you see an unsafe act you should report it to your Union Steward or M.T.C. Safety Steward. They will take the necessary actions to correct the situation. Contact MTC safety at 860-445-6383.

If you are sent to Security for any reason or are being questioned by any Management, **YOU SHOULD REQUEST A STEWARD !!!**
REMEMBER, YOU HAVE THE RIGHT TO UNION REPRESENTATION, AND YOU DON'T HAVE TO ANSWER ANY QUESTIONS WITHOUT THIS REPRESENTATION.

IMPORTANT: Members who are out of work on any leave of absence such as Workers Compensation, Sedgwick short term disability insurance, FMLA, etc. it is your responsibility to pay your portion for medical, dental, and vision. You can be dropped from your benefits if you don't keep up your payments.

Please don't forget to notify the Union Hall (860-442-8281) if you change your address, phone number, or name. We need to have the correct information! When you notify the company of these changes they do not give the Union this new information. We appreciate your cooperation in this matter.

REMINDER: If you are out of work on compensation or accident & sickness insurance or any unpaid leave it is your responsibility to pay your dues. If your dues fall behind more than three months, your membership could be suspended. If you are out of work and have any questions regarding your dues, please call the Union Hall at 860-442-8281.

IMPORTANT: It is advised that you notify me one week in advance or as soon as you know when you will be returning to work from any Medical, Compensation or unpaid leave. The company doesn't know if you kept your dues paid up while you were out. It is important that I know your return date so I can submit a letter to the company to have your dues zeroed out under non collected. Once the company takes out your dues it will take me at least a month to return your money.

Feel the Power

It is with a heavy heart that this month I am informing the membership of the passing of Jeffery McKibben. Jeff was a construction mechanic in Dept. 501 and had 45 years of long and faithful service here at Electric Boat. Anyone who had the pleasure of knowing Jeff, knew him as a kind and generous man who was always willing to help his fellow union brothers and sisters.

Jeff will be sorely missed by his friends and coworkers. And many who knew Jeff knew he would be encouraging you to be checked for Diabetes early on and to go to your yearly physical to stay ahead of your health. Please everyone, keep Jeff and his family in your thoughts and prayers, this holiday season.

Fraternally Yours

Union Meeting: We are going to try it again, Because Veteran Day falls in the same week as our regular scheduled membership meeting, so not to conflict with our “floater week we have decided to have our meeting on the third Tuesday of the month .The next regularly scheduled meeting of IBEW Local Union 261 will be held Tuesday Nov 16, 2021 2:45 P.M. at the IAM Lodge 1871 Union Hall located at 18 Pleasant Street. The social distancing restrictions will continue including masks for those vaccinated or not, We will notify you if we have to cancel or reschedule the meeting.

At the time of this writing the Federal Mandate is still in affect that all employees are required to be “fully vaccinated “by Dec 8th if they do not show proof of being vaccinated their badges will be disabled and they will not be allowed in the shipyard. It hasn't been determined what their status of employment will be but it could be termination. There are a lot of issues we need to take on with this Company and we will take them on, We need to pick our battles, battles that we can win if we stick together. This mandate is not one of them. I am asking you to please comply with the mandate.

The Top Five Reasons You Should Get Vaccinated:

1. Getting vaccinated will protect you, your children, wife, parents, siblings, friends, and co-workers from getting seriously sick or dying from this virus.
2. Getting everyone vaccinated will put an end to this pandemic just like it was done for the smallpox, rubella, polio, malaria, mumps, Hepatitis B, Yaws, all these require vaccinations and have been declared eliminated (Eradication)in the US by vaccination. Think about it, if that didn't happen many of us or maybe all of us would not be here today.
3. Getting vaccinated will allow us to get our normal lifestyle back where we can go out unrestricted not having to worry about coming in contact with the virus. Not having to worry about social distancing, wearing masks, having family events, going on vacations, getting your life back again.
4. Getting vaccinated and ending this pandemic will allow the Government to start working on good things and hopefully get everyone together.
5. And finally being fully vaccinated will allow you to continue to work here and provide for your family. Dec 8 th will go away.

I believe that vaccinations are the right thing to do, mandate or not. Our Attorneys have recommended that we follow the mandate, Our International Unions have agreed to it, most religions have agreed to the vaccinations, the Supreme Court has ruled that it does not violate our Constitution in several decisions, the majority of the medical community support the vaccine program and I believe that the majority of the local's members are okay with it. Let's get it done and then take on our other issues together. It is important that we work together and we work safe! If we do, we can get through this.

Fraternally,

Richard McCombs
President / Business Manager

Local 614

Hello Brothers and Sisters; As of this writing of the Labor Views I do not have an update

the company's memo concerning Biden's Executive Order, mandate or (you know, the thing). I strongly disagree with the language of the Order. The vaccine is a good thing to have, but it should not be get the shot or you will be locked out. (fired, basically). I myself

chose to get the shot. I believe it's my body, my choice. But I see that phrase only works for us when it supports an agenda. In the past year our 1st responders went from heroes to zeros. All Americans that worked through the pandemic, including us, (remember the Blue team and the Gold team?)We worked together to get things done. Now, it is get the shot or get fired! That is BS!!! More to follow. I apologize for the mini rant.

EB paychecks will be going paperless next year. The exact date is not set yet. If you receive a live check you will still get a live check. You can get your personal info on the EB k-net site. The company said they will place kiosks around the shipyard so we can see the information on our pay checks.

The Boilermaker calendar books are out. The MTC chose not to print any out. At one of our monthly Union meetings it was brought up and voted on, now we have calendar books. That how we can get things done for you at the Union meetings. Small things can lead to bigger things.

The annual Safety shoe list is out. See a steward to see what you have in your account. You get \$100 a year, and up to \$200 for the second year. It does not increase after that. This is a negotiated item from your Union. Please get your boots!

There are a lot of rumors out there on the Covid mandate. The Company has been going over it and will present the information to the MTC leadership. Stay strong, stay safe.

See you at the next monthly Union meeting on Tuesday, November 9th at 2:45 pm at the Union hall.

Sincerely,

Patrick Joyce

President

Local 777

Congratulations goes out to our latest retiree, Calvin Cobb. Cal was hired in 1977 as a pipefitter and later transferred to the maintenance dept. Best wishes and a long and healthy retirement from everyone. This month we have two Union negotiated holidays, Veterans Day on the 11 th , and then Thanksgiving on the 25 th and 26 th . Please take the time to remember the meaning of both holidays and also the people who arent here to celebrate them with us.

One of the bigger controversies to affect us all , is the covid shot mandate for employment here in the shipyard. Time is running short for anyone that still has to get both shots by the December 8 th deadline. We have been told by the company that anyone who hasnt complied by that date , will have their badge shut off on December 9 th , and not be allowed in the yard. The question arises on what their status will be at that point. Information at the time of this writing is scarce and we are still awaiting word from the company as well as everyone else. It is not a Union or company mandate , but a mandate from the Biden administration. So for anyone that wants to get mad, get mad at the right people. There are countless service men and women, healthcare workers, fire, police, emergency workers airline employees, teachers either quitting , retiring, or face lay-off and/or firings because of this mandate. People that stood up in the worst of times to come to work (like all of us here in the shipyard) and help everyone , are now being thrown to the side, and have to make a decision to either get the shot (which looks to be as political as much as medical) , examine your own personal convictions, or face uncertainty in your employment, in my opinion. Where this ends is anyone's guess at this time.

We are now halfway through our contract, with the next contractual raise on December 19th.

George Nowosielski

Annual Enrollment is November 17 through December 3, 2021.

Annual Enrollment is an opportunity to make sure you have the medical, dental, vision, and other benefits such as voluntary coverages and life insurances you and your family need for 2022.

Look out for more information mailed to your home the first week of November.

Transfer your prescriptions to the EB Family Pharmacy today for the lowest cost

A new EB employee called and asked if we would be able to fill his medications because he had heard at work that our pharmacy offers great service and great savings. We were able to transfer all seven of his meds over. We also found two coupons, [for his medications]. We applied the coupons and filled the other five prescriptions. We called the patient 40 minutes later to let him know his prescriptions were ready. We gave him the price, which was \$57.80. He was astounded and said he'd been paying over \$500.00 per month for these medications.

MTC Safety Report

**Painters - Boilermakers - Electricians - Laborers
Machinists - OPEIU - Pipefitters - Teamsters**

The safe worker program is moving along. This program is to have an hourly employee shadow an MTC Safety worker for a week. This is done, in hopes the person sees what we see and learns from it and passes it on to their co-workers. If you know of someone that could benefit from this program or would just like to get involved just give me a call. 860-405-4784.

Again, masks are required in-doors if you cannot maintain a distance of 6 Ft. This means the elevators as well. I watched 9 employees walk out of an elevator and only 4 had masks on. If you don't want to ride the elevator wearing a mask then take the stairs.

I'm not sure if everyone is aware but the cross walks are there so people can cross the street safely. HELLO!!!! Twice I was driving early in the darkened morning over by Karns and stopped to let a pedestrian safely cross the street. Both times a truck behind me at the last second went around me and gunned it. Both pedestrians were one step away from getting hit. This time I laid on the horn. That's right, you know who you are. I know it's dark there, which is why we need to be more diligent when driving thru there early in the morning. We're dressed for work in a shipyard, not out on the street doing construction. So PLEASE! keep your eyes peeled from Cumby's to the five corners for our union brothers and sisters.
