Vol 46 No. 11

MTCNLC.ORG

The time has come. The time to stop listening to the ridiculous accusations and rambling rhetoric. The time to choose a responsible leader and new President.

You have to decide if will choose a President that will protect workers rights by keeping intact the Fair Labor Standards Act (FLSA), the National Labor Relations Act (NLRA), and Occupational Safety and Health Administration, (OSHA)

Or a President that will fire workers who are on strike for better wages, benefits and working conditions.

Do you want a President who will give you the right to choose what you will do with your body, or one who will put you in jail? Do you want to be able to love who you love or be driven back in the closet?

Do you want clean air and water and preserve our National Parks or let them be for sale to the highest bidding corporations?

Do you want a President who will fix Social Security for the next generations or to cut current benefits and bankrupt it?

Do you want to be able to pray to whatever God you believe in or be misled by a false Prophet?

Do you want a President who will contain medical care cost or repeal the Affordable Care Act?

Do you want to be judged on your moral fiber or by the color of your skin and the language you speak?

Do you want a Commander In Chief who will defend the Constitution or a convicted felon?

You need to stand up and **VOTE** or you **WILL** elect a traitorous insurrectionist.

Make your **VOTE** count!

As Always, I Remain

Fraternally Yours

UNION REMINDERS:

DIGNITY AND RESPECT

These are two words and actions you should think about when you are addressing any matters with coworkers or supervision. If there is any issue speak to your Union Steward.

NEW HIRES YOU must stay on top of your insurance coverage. There are many choices for you to review and time limits for you to apply for these benefits. You are now eligible to join the insurance **between days 0-30 of your date of hire**. This is the only 30 days to execute access to the health plan. If you do nothing you will automatically get medical but will not receive dental, extra eye care, and additional life insurance. If you are married or married with children, they will not be covered. It is **important** to enroll as soon as possible. **Do not be late.**

I suggest that you call to make arrangements for health insurance since all calls are recorded. In the past, there were problems with online enrollments. There are many options to choose or reject. Contact General Dynamics Service Center (1-888 432-3633) Monday – Friday 9am to 9pm. OR www.gdbenefit.com (24hrs/7days). Any questions call EB Benefits: 860-433-4201 or call the Metal Trades Council Union Hall and ask for the Benefits Rep 860-445-6383.

New Business:

As you may know the retention bonus that most of us expected in early October was delayed until January of 2025. After they realize they had made a mistake they quickly addressed the problem, and it is expected to be paid out on November 22, 2024. There were some that were quick to point fingers at the Union leadership. For the record your Union leadership identified the problem and help get it fixed. The point is the rhetoric over this indicates that we are not together, that we are not strong. This is a fault that some could take advantage of which will lead to changes that impact all of us. We need to work together if we want to succeed in the future. This is especially true when it comes to politics. I can't tell you how to vote but I can educate you on the reasons why your International Union endorses the candidates that they feel will help working Americans and their families. As I stated in the past: immigration, the second amendment and abortion issues are all important to all of us BUT, how many of them impact our ability to provide a decent living for you and your family? Of course, the economy has a huge impact on our lives. Inflation which contributes to the economic system that was plagued by two years of the pandemic and large tax cuts to the rich was inherited from the Trump Administration. It is safe to say that the economy is as good as ever with stock markets and employment at record highs. And inflation is declining to new lows. Corporate greed is responsible for a lot of inflation, especially in the supermarkets. It is disturbing to know that so many people believe the untruths that are being stated in this election. It is important for all of you to understand that if you vote for a candidate, you are telling him or her that you agree with their ideas and strategies. You are agreeing with everything they say, not just the one issue that you think is needed. I would hope that most of you are not prejudice, do not believe in dictatorship, believe in women's rights, know that Russia and North Korea are our enemies not a couple of good guys, and dogs are not being eaten. Most disturbing to me is why a lot of you believe that Donald Trump is a Patriot. During the selective service era most of us were reporting for our required physicals while some were coming up with medical reasons to become exempt from the "Draft" to be determined 4F. Bone spurs were a coming reason for keeping out of the draft or "dodging the draft". The wealthy used it the most. Donald Trump was exempt from the draft for bone spurs, hence "Draft Dodger" Donald Trump has publicly belittles service men who were wounded or died in battle as "LOSERS" He called Senator John McCain a loser because he was captured by the Viet Cong. For some reason he likes and says good things about Putin a dictator from Russia who has been our enemy for decades. I remember as a child we would have air raid drills in school to prepare us from a nuclear attack from Soviet nuclear missiles. What about the report that President Donald Trump did nothing and said nothing when it was reported that Vladimar Putin actually offered a \$3,000 reward to terrorists for every American soldier they killed And he is considered a Patriot???? Other Countries are not afraid of Donald Trump they laugh at America for even consider voting for a convicted felon, adulterer, liar and egotistical maniac who can be bought. Wake The F'CK-UP!!!

Richard L. McCombs

A good month for Union negotiated paid holidays Thanksgiving (2) , a good time to be with family, and Veterans Day (1), don't forget the true meaning. Remember all the Vets, especially the ones who didn't return home, or aren't with us anymore, for everything they DO, have done, and HAVE sacrificed.

This year there is no incentive or safety bonus. We are still arguing with the company on the payout date for the retention bonus that was negotiated. It should not takes months to figure whom is eligible for the benefit. Good news is we are hearing it should be paid out in early December.

There is still a problem with graffiti in the shipyard. This is something the unions do not condone. As innocent as some may seem, versus , defacing government property, the result will probably be the same to the guilty that are responsible. November is also when we go to the polls to elect various politicians into office. This election is probably one of the most important elections in years. Vote for whomever you believe is looking out for your best interests.

Notice

We have been notified by the company, that due to Internal Revenue Services (IRS) changes, our insurance deductible has to be increased to maintain a high deductible plan. We are working to mitigate negative impacts to the membership.

Local 614

Hello Brothers and Sisters:

With the work force growing and all the new members joining the Boilermakers. We must remember that the company puts policies and procedures in for a reason.

The cellphone policy has been a huge issue for our members. We must keep in mind we can't have cellphones in CIA areas. Whether we put them in our lockers at the start of the shift, take them out at lunch, and return them till the shifts are over, or leave them in our cars. We have to follow the policy that's been implemented by the company.

In the last few months, we have lost members for "sleeping" while tank/fire watching which is extremely dangerous, not only for yourself but the people you're watching for. Please be mindful and do the right thing. If you're feeling tired get up and stretch or tell someone and take a quick walk.

It has come to our attention that we have another policy that the company is aggressively enforcing. With the Navy and the company finding graffiti on a ship which caused significant damage. We need to remember that this affects not just us but could affect the men and women that serve on board these ships as well. Graffiti is inappropriate and not needed at all. So, think before you do something you will regret and could lose your job over.

A lot of our members are wondering where the Retention Bonus is and seeing the October 6th, 2024 date on the MTC contract highlights that were passed out during the contract time frame. On the memo signed on October 23rd of 2023, it states that payment of each installment for eligible current employees will be made as soon as administratively possible once eligibility has been determined. With that being said, we are being told by the company we will receive the bonus in January.
