It's always the other guy. It is never me. It is never you. It is never us. It is always the other.

Most of us will never know tragedy, it will happen to the other guy.

Most of us will never be out of work unexpectedly, but the other guy will. Most of us will never have to decide between food on the table or fuel for the furnace but the other guy will. Most of us won't have to choose between tires on the car or shoes on the kids feet but the other guy will.

Each year the Electric Boat Employees Community Services Association (EBECSA) holds its fund drive. This fund drive provides financial backing for many organizations the largest benefactor being the United Way of Southeastern Connecticut.

Most of us will never need the services provided by these organizations, but the other guy will.

You can pledge a weekly contribution through payroll deduction. You can volunteer with one of our partner agencies. You can help with a food drive. Not for you, me, or us, but for the other guy.

The other guy may be the person who lives across the street. The other guy may be the person who sits across from you at lunch. Most of us will never know the other guy. Hopefully, the other guy isn't the person you look at in the mirror.

If you already give, thank you. If you volunteer, thank you. If you don't, please consider it for the other guy.

As Always, I Remain

Fraternally Yours

Peter E. Baker

POLITICAL ACTION

OPEIU and the labor movement have a responsibility to protect and advance the rights of members in the political arena as well as at the bargaining table. The importance of this political responsibility has never been greater. Only through effective political action will we achieve programs that rebuild our industrial base; that help every young American who needs such help as far up the education ladder as his or her talents and capacity permit; that guarantee equal rights for women and minorities in all aspects of our political and economic life; that rejuvenates America's infrastructure; that allow every elderly American to retire in dignity and security; that protect the rights of every working American to organize and bargain collectively; and all other policies that affect union members and their families.

Those who oppose this agenda can generate many millions of dollars for their political candidates. We need to offset the huge amounts still being generated by wealthy individuals and corporations. Effective political action, including financial contributions to labor-friendly candidates, is the only way working people can have a positive impact on the legislative process. You can get involved in the political process by supporting the OPEIU Voice of the Electorate Fund through payroll deduction. See your officers and stewards and sign up now.

If you wish to get involved in mobilizing members to elect pro-worker representatives contact this office. For more information visit www.ctaflcio.org.

If you want to participate in canvassing union households in a neighborhood contact an officer or steward for info.

The next regularly scheduled meeting of IBEW Local Union 261 will be held Tuesday October 18, 2022, 2:45 P.M. at the IAM Lodge 1871 Union Hall located at 18 Pleasant Street. If necessary, we will notify any social distancing rules that may be required. Masks will be recommended but not required at this time. If you cannot attend the meetings any issues should be brought to our attention by contacting your Steward or this office. Please call me if you have any problems at any time. Send me an e-mail and let me know your issues.

The Local's phone numbers are as follows: Main# - 860-445-2224 ? Fax# - 860-445-8360

E-mail address: ibew261@frontier.com IBEW International web site: <http://ibew.org>

Brothers & Sisters, we have started on rebuilding our Local Union structure. After our installation of Officers, we completed our first Steward & Officer training sessions. I believe it went well and I was pleased with the participation. We will schedule future classes in advance so that all can attend. I would like to thank Charles Witt, 2nd shift for coming up with the idea and his participation.

I would like to congratulate our IBEW Softball Team for competing in the EBAC "C" Division Championship. In just two seasons they were able to gel as a team to reach that spot. Next year I will be congratulating them on winning the Championship. Well done!!!

We have completed the Arbitration case on CT Paid Leave and our Short-term Disability Grievance. Unfortunately, it will take a few months before we have a decision. We are optimistic and if we get a favorable decision, it could change the course on how our benefits are administered in the future. I would like to be able to eliminate Sedgwick from our future.

The Company has identified that many of our members have not completed their annual safety training. It is hard to disagree that the increase in our injuries may be a result of this. Upper management has made this a priority so I would expect supervision to actually tell you when you are scheduled, and I hope that you will attend. Attending certain safety training is contingent with our Safety Bonus. I would hope you agree that this is a "Good Thing." It will help us to be more safety conscious and reward us with the incentive. Please attend when scheduled.

Please participate in our Community Service Fund Raising Campaign. If you attend, you will learn how our donations are distributed throughout the Community (mostly through the United Way). I been involved with United Way for a long time, and I can vouch that your donations are contributed to our local agencies that help people in Southeastern CT; as well as many of our Brothers & Sisters. Please keep in mind Our Community Service Program contributes to all the communities that our employees live in. Thank you in advance for your contributions.

Political Elections: The midterms elections will be very important especially for the Unions. I know that some of you do not want to hear this but the Unions are very concern about the conservative party getting control of Congress. They have an agenda that is designed to destroy unions and impact every working person in this country. Their agenda includes eliminating Social Security and Medicare. I cannot and will not tell you how to vote, but I would like you to be open to our message and why we think it is in our best interest to vote for Labor Friendly Politicians. Our main interests are not abortion, gun rights or immigration. We are concerned about our rights to negotiate fair & equal benefits, wages and earned dignity and respect. I am sorry but we do not get that from the Republican Party. Number one priority is please vote, it is your right and your vote matters! Number Two; Please consider some of our concerns. Thank you, Continue to Work Safe!!

This past July, the Company's WIB that came out stated 62 % of the employees have less than 4 years of experience and 88% of the supervisors also have less than 4 years experience. With the large influx of newer members , one could only imagine that those numbers have grown larger. With as much training that is given out, it does take time to develop the "Tricks of the trade " that proves so useful in building , inspecting, and testing systems . A lot of this use to come from the more senior members that have done it over and over again, boat to boat. With the amount of work we have in our future, I hope the company learned their lesson about keeping a well trained, and well compensated , work force in slower times as well as the busy times.

We recently went through our second day of arbitration regarding the insurance grievance (short term disability) that was filed. Now its up to the arbitrator. More recently the company has informed us they are looking to change the coverage for dependents turning 26. They used to be covered to the end of the year, now the company wants to end coverage at the end of that birthday month. This will also , I'm sure, be addressed by the MTC.

Our next Union negotiated paid holiday is Columbus Day, celebrated on Monday, October 10th.

COLUMBUS DAY

Hello Brothers and Sisters:

We get our safety shoes and safety glasses on a yearly basis for free. Please don't forget to get yours. When it comes to the glasses, you get one pair of safety lenses and frames the first year. The next year you just get the lenses, however you can purchase another pair of frames if you would like.

Thank you to all who came to our Boilermakers picnic/party. Although the attendance could have been a little better, everyone seemed to have fun and everyone said how great the food was and how lucky we were to have such great weather. We even had face painting for the kids, and it was great seeing them all painted up and running around playing with all the toys, balls and games that we supplied. And congratulations to the lucky members that won the custom made corn hole boards. They came out great!

If you want to go to the base for NSSF next year, this is the time to put your name on the list to go. It is all seniority driven so tell your supervisor or union steward if you are interested.

See you all at our next monthly meeting on Tuesday October 11th at 2:45 PM at the Boilermakers Union Hall.

Sincerely,
Patrick Joyce
President

ELECTRIC BOAT

Family Wellness Center

Operated by Premise Health

To continue to offer an easy-to-access program, Electric Boat's Employee Assistance Program counseling is now available through the EB Family Wellness Center, operated by Premise Health, in addition to calling OPTUM for assistance. Two licensed counselors have joined the Wellness Center to help employees and their family members, regardless of enrollment in EB's medical plan.

Electric Boat's employee assistance program is available to all employees and their families. This program provides confidential help for life's challenges such as mental health support, legal or financial issues, and more.

Remember, eight free sessions per person, per year, are available to you and your family.

The Solutions counseling center located across the street from the EB Family Wellness Center will no longer be a part of the EAP for employees. They will see current employees and dependents seeking assistance through June 2022.

Kathy Dowling, LMFT

Kathy is a Licensed Marriage and Family Therapist who started at the EB Family Wellness Center in October 2021. She lives in southeastern CT with her husband and enjoys many outdoor activities, including gardening, fishing, kayaking, stand up paddle boarding, yoga, and hiking.

She's worked in both residential treatment and outpatient settings specializing in the treatment of anxiety, depression, and family conflict resolution.

Molly Kunka, LCSW

Molly is a Licensed Clinical Social Worker who has recently joined the team at Electric Boat Family Wellness Center. She lives in southeastern Connecticut with her husband and four daughters. In her free time, she enjoys spending time on and near the water and hiking.

She has previously worked in private practice and hospital settings, specializing in treating depression, anxiety, and grief and loss.

To sign up for EAP counseling, please call the EB Family Wellness Center at 860-629-8272 or OPTUM at 866-743-6551.

Insurance Update

We are approaching the flu season. This is also the time to start thinking about getting a pneumonia shot when you are age appropriate. The yard hospital will start to administer flu shots on October 5th and the Wellness Center will do theirs on October 22nd. The EB Pharmacy hasn't published their date as of yet because as of now they are waiting for their supply of flu shots.

The open enrollment period this year is November 16th through December 2nd. This is the time period that you can change your medical and all our other benefits and insurance.

Last year when the company was doing a dependent audit of our spouses and children, some of our members didn't get the information in on time, which removed their dependents from the insurance plan. This is the time to put them back on our medical insurance. You can do this online at www.gdbenefits.com or call the General Dynamics service center at 888-432-3633. The phone call is my favorite way because the phone call is recorded so if they make an error, it is their responsibility to fix it.

Our injury rate has recently spiked. Let's not become complacent. Think about what you need to do before you do it, and if you don't know what you're doing, don't do it. We are finding out that employees are buying composite toe sneakers and composite toe shoes off the truck. They think they can wear them in the shipyard. This couldn't be further from the truth. They are supposed to notify you that certain footwear on the truck is not for shipyard usage. I am told the City of Groton will no longer let the shoe truck park on the road so, Safety is trying to bring it into the shipyard and have it park on the top of the main yard hill. We have a lot of new employees both hourly, salary and supervision. We need to remind everyone, if you feel unsafe doing a job. **Don't refuse the job**, Ask for another job until safety can come down and deem the job safe. Make sure you yourself receive the results. You are the one feeling unsafe. You need to hear it from the horse's mouth. Don't rely on your supervisor to relay the findings. It might get jumbled up by the time it comes down to you.
